

Home

Since 1988, Harring Doors has been producing high quality, stile and rail wood doors. Substantial investment in highly qualified people, specialized equipment and facilities, has created a company which can produce significant volumes of doors to meet the demands of the market place and yet retain the hand crafted quality on which our reputation was founded.

As members in good standing of A.W.I. and W.D.M.A. (N.W.W.D.A.) we at Harring Doors respect and adhere to the standards published by those organizations. With an emphasis on craftsmanship and a wide variety of high quality wood species, our doors are widely distributed in the Eastern and Mid West United States and throughout Canada. Our stature in both the Residential and Architectural markets grows on a daily basis.
